

6/12/2021

Hello Bar Owner!

Wow, have we got some great news for you. We're thrilled to announce that the City Drink Specials (CDS) bar-saving platform is officially coming to the Charlotte area!

This location-synced website (and soon-to-be app) is intended to effectively promote local bars, breweries, restaurants, festivals, nightclubs, and more to visitors and local patrons alike. The site focuses on music entertainment, listing interesting upcoming state projects on the site's state pages, and offering visitors interesting reads, savings opportunities, and so much more.

So, how does it work on your end? It's simple.

We'll link your business's page to the relevant state page and to our location-synced map. After that, bar-goers near and far will be able to find your location when they search for savings, entertainment, food, and music inspiration while out on the town. Your establishment's page will then receive traffic from the visitors who are browsing the site's map or who find you via a complimentary pro search engine listing.

Setting up your bar's page is a piece of cake - you can do it from your computer whenever you have a spare minute or two. Simply go to our website's listings dashboard and you'll be able to upload your logo, menu, images, videos, events, and more! Tip: be sure to list your weekly specials and keep them up to date.

We hope that this new platform will extend the reach of Charlotte's most fabulous local gems (like you) and show visitors some of the best food and drinks in the area.

We can't wait to team up with you to bring bar-goers the best experience in Charlotte!
