And now you get to be a part of that!

Beyond connecting patrons and establishments, CDS also offers.

### High-quality, Researched Content

Each city page will offer unique, relevant, and easy-to-digest content that includes video tours, interesting upcoming city projects, state facts, and – of course – advertisements for the best local food and drink establishments.

### Music Supernova - Unique Exclusive Access

A creation five years in the making, the CDS Music Supernova is a one-of-a-kind perk you won't find anywhere else. Excellent music, lots of truly interesting discussions – the perfect combination, right?

To put it simply, we've got everything you could ever want all in one convenient platform. From interesting bar-tending facts on the drinks recipets page to notifications about upcoming concerts, sporting events, and theatrical shows.

### App

The App My Website Google Play Android App is a list of bars, breweries, cafes, cocktail bars, festivals, lounges, nightclubs, pizza, restaurants, and vineyards throughout the great state of North Carolina.

Display your bars drink specials, happy hours, menus, photos, bands, business logo, and descriptions for us all to marvel at. Your bar page also displays contact information and unique amenities like pool tables, etc... The app is free to download and by simply signing up and adding your bar to one platform, it also displays on the other since they are synchronized. The app and website has a nationwide table books section linked to OpenTable for NC bar patrons on the go.
